

SAUDI BOARD RESIDENCY TRAINING PROGRAM

Orthopaedic Surgery

Promotion Examination

Written Examination Format:

- A written examination shall consist of one paper with not less than 100 MCQs with a single best answer (one correct answer out of four options).
- The examination shall contain type K2 questions (interpretation, analysis, reasoning and decision making) and type K1 questions (recall and comprehension).
- The examination shall include basic concepts and clinical topics relevant to the specialty.
- Clinical presentation questions include history, clinical finding and patient approach. Diagnosis and investigation questions; include the possible diagnosis and diagnostic methods. Management questions; including treatment and clinical management, either therapeutic or non-therapeutic, and complications of management. Materials and Instruments questions; including material properties, usage, and selection of instruments and equipment used. Health maintenance questions; include health promotion, disease prevention, risk factors assessment, and prognosis.

Passing Score for Promotion Exam:

The trainee's performance is assessed in each of the evaluation formulas according to the following scoring system:

Score	Less than 50%	50% – 59.4%	60% - 69.4%	More than 70%
Description	Clear Fail	Borderline Fail	Borderline Pass	Clear Pass

1. To upgrade the trainee from a training level to the next level, She/he must obtain at least a **Borderline Pass** in each evaluation form.
2. The program director may recommend to the local supervision committee to request the promotion of the trainee who did not meet the previous promotion requirement according to the following:
 - A. In case that the trainee gets a **borderline Fail** result in **one** of the evaluation forms, the remaining evaluation forms must be passed with **Clear Pass** in at least **one** of them.
 - B. In case that the trainee gets a **borderline Fail** result in **two** of the evaluation forms to a maximum, provided they do not fall under the same theme (Knowledge, Attitude, Skills). The remaining evaluation forms must be passed with **Clear Pass** in at least **two** of them.
 - C. The promotion must be approved in this case by the scientific council for the specialization.

Blueprint Outlines

No.	Section	Proportion%
1	Trauma	21%
2	Pediatric	17%
3	Arthroplasty	13%
4	Sports Medicine	13%
5	Upper Limb	8%
6	Oncology	8%
7	Foot& Ankle	8%
8	Spine	8%
9	Other CanMEDS roles	4%
Total		100%

Note:

- Blueprint distributions of the examination may differ up to +/-3% in each category.
- Percentages and content are subject to change at any time. See the SCFHS website for the most up-to-date information.

Example Questions

EXAMPLE OF K1 QUESTIONS

Question 1

Which of the following percentages is the most appropriate?

- A. 4%
- B. 7%
- C. 9%
- D. 11%

EXAMPLE OF K2 QUESTIONS

Question 1

A 6 week-old girl presents with a positive Ortolani test on the left side.

Which of the following imaging modalities is most appropriate to assess for developmental dysplasia of the hip?

- A. MRI
- B. Ultrasound
- C. Plain radiographs
- D. Arthrogram and dynamic fluoroscopy
